4-H & FFA GENERAL RULES

SECTION A – ELIGIBILITY

1. 4-H and FFA members are only allowed to show exhibits in the 4-H/FFA Division in the county in which they participate in 4-H or FFA. 4-H and FFA members may only participate in the 4-H/FFA Division at one (1) county fair. They may nominate livestock to multiple counties, but designation to one county must be made at fair pre-entry. The only exception to this rule is the FFA Ag Shop division which is a traveling display intended for multiple counties.
2. All exhibits in the 4-H & FFA divisions will use age classification based on the age of the 4-H and FFA member before January 1 of the current year.
3. 4-H membership: Enrolled in the local 4-H program within the county. Members must be 7 years of age before January 1 of the current year and must not have passed their 19th birthday before January 1 of the current year.
4. FFA membership: Enrolled in agricultural education within the county. Students must have paid their current annual membership dues and must not have passed their 19th birthday before January 1 of the current year.
5. To be eligible to exhibit a project, 4-H youth must have been enrolled in that project area by May 1st of the current year (Add/Drop deadline). FFA exhibits must be a part of the member's SAE and return the completed "FFA Member Fair Participation" form to their local River Valley District Extension Office by May 1st of the current year.
6. The 4-H and FFA livestock, horticulture, and field crops will be combined and shown in the same classes, with only one champion selected in each division.
7. All exhibits must be the result of this year's project work, having been produced within the current year or the last growing season. The exhibitor in this department must show his own handwork when skill is required, must be the grower of agriculture exhibits, and all livestock must meet all ownership, weigh-in, and tagging requirements. Firearms may not be entered or exhibited at the county fair. Other exhibits that may be considered weaponry must receive prior approval by contacting their local River Valley Extension District Office.

SECTION B – ENTRY INFORMATION

1. All fair entries must be pre-entered by June 24th, 2024.
2. Neither the local County Fair Board, nor the River Valley Extension District will be responsible for any loss, theft, accidents, injury, or death to exhibits entered to and/or that occur at fair events and activities.
3. **Late Pre-entry and Late Check-in:** Late pre-entry is defined as any pre-entry received after the local extension office closes on the pre-entry deadline up until the day of the designated judging of that area. Late check-in is any entry received after the designated check-in time. All exhibits must be checked in with the respective superintendent according to the fair schedule. 4-H exhibits that are late for pre-entry or late for fair check-in will be dropped one ribbon placing, are not eligible for Grand or Reserve Champion consideration, and are not eligible for any Overall Champion consideration. Livestock that miss the designated fair weigh-in or health inspection will be ineligible to show. Superintendents are responsible for reporting late check-ins to the 4-H Office for enforcement of forfeitures. Any 4-H or FFA exhibit that shows up to the fair that is not pre-entered shall:
 - a. be referred to exhibit in open class if available.
 - OR
 - b. if open class is not available, then the exhibit may be evaluated by the judge but will not receive a ribbon and the associated premium money and will not be exhibited in the 4-H display at the fair.
4. **Early Fair Check-out:** Early check-out is defined as the removal of any exhibit before the scheduled exhibit release time per the fair schedule. A 4-H or FFA member must submit a written request for early check-out to the appropriate superintendent(s). A written response will be provided back to the 4-H or FFA member from the superintendent(s). Superintendents must notify 4-H Office of any approved or denied early check-outs. If a 4-H or FFA member removes an exhibit before the designated check-out time without special permission from the superintendent and Fairboard, then that 4-H or FFA member forfeits ALL ribbon premium money on ALL fair exhibits. 4-H and FFA members must check out all exhibits with the respective superintendent according to the fair schedule. 4-H or FFA members checking out early for approved or non-approved reasons must report to the appropriate superintendents when checking out. Superintendents are responsible for reporting non-approved early check-outs to the 4-H Office for enforcement of forfeitures.

5. Members may exhibit **more than one** entry per class unless otherwise noted in Division rules. Extension Staff, Fairboard, and superintendents may limit exhibit space and not exhibit entries if space is restricted.
6. Exhibitor entry cards for each pre-entered project, excluding beef, dairy, goat, horses, sheep, swine, fashion revue, and dogs, will be generated from the River Valley Extension District offices. These entry cards should be attached to the exhibit before presenting the exhibit to the judge or superintendent. Attach entry cards with string or tape as appropriate. 8. Warning: Under Kansas law, there is no liability for an injury to or the death of a participant in domestic animal activities resulting from the inherent risk or domestic animal activities. You are assuming the risk of participating in this domestic animal activity. K.S.A. 60-4001 through 60-4004.
9. Animals need to be tagged and weighed at a spring weigh-in to be eligible to show. Spring weigh-in determines the breed of that exhibit. The superintendent has final say if the animal does not match the characteristics for that breed.
10. Market animals must be individually owned by the exhibitor and identified by an official Kansas 4-H tag. In addition, goats and sheep must have a USDA Premise Identification tag (scrapie tag).
11. Any lost tags should be reported to the extension office prior to the fair to make the arrangements for a replacement tag. Animals arriving at the fair without a tag may be disqualified at the discretion of the superintendents, agents and Fairboard.
12. All livestock entries must be pre-entered by a date designated by the local River Valley District Office. Any late pre-entries will **not** be eligible for Grand or Reserve Grand Champion awards.
13. All livestock entries will be stalled by clubs/chapters. Pens and stalls will be assigned and marked prior to the fair. Livestock must be stalled where designated by the superintendent of that division.

14. If barn space is limited, a decision can be made to limit the number of animals housed and/or exhibited after pre-entries are received. This will be a joint decision by the Fairboard, Extension Board, Extension Agent, and Superintendent(s).
15. Ethical treatment of animals and sportsmanship are the responsibility of all exhibitors, parents, leaders, and all involved. All animals will be handled in a humane manner in accordance with accepted animal husbandry practices. Physical abuse of any animal will not be tolerated and will be grounds for disqualification. Only soft muzzles will be allowed on sheep and goats in the pen or stall only. Hard muzzles are not allowed.
16. Administration of drench by way of drench gun, pumping or tubing is allowed in the pen area only and only if deemed necessary for the welfare of the animal and conducted with the direct recommendation and supervision of a licensed veterinarian and a superintendent or a Fairboard member MUST be present.
17. All Livestock shows will be no fit shows. "No Fit," is defined as using no adhesive, glue, paint, powder, or any color changing products. Nothing stiff or sticky. Must be able to run a comb through the hair. Any product used must be water soluble. If the product does not fit within these guidelines, then do not use it. The use of twinning hair and/or dyeing the animals coat to change the natural integrity is prohibited.
18. Only Immediate family members (to include parents, legal guardians, siblings, and grandparents) and current Kansas 4-H or FFA members that are exhibitors at the show may provide help and care to assist the exhibitor, regardless of if the exhibitor is present while such help and/or care is being provided. Exhibitor should be present during show preparation unless exhibitor is in show ring and needs help getting their other animal(s) ready.
 - a. Consequences if the above rule is broken from a helper that does not meet the qualifications.
 - The exhibitor of the animal, exhibitor's guardians, and the person in violation of the rule will meet with Extension agent(s) and Fairboard representative(s). A firm warning will be given about the rule. If the rule is broken again, then the contestant will be dropped one ribbon placing. This will also make the animal ineligible for grand and reserve grand champion. These instances will be taken on a case-by-case basis and all parties will be heard.
19. 4-H or FFA members must provide suitable means of care for their animals during the fair. This includes cleaning and care of the stalls/exhibit area. Stalls and pens must be clean at check-out time. Failure to do this task will result in forfeiture of ribbon premium money. Check with the specie superintendent for the approved bedding for the particular species.
20. Each exhibitor must show his or her own animal without assistance, notwithstanding special circumstances. If the exhibitor has more than one entry in a class or in the Champion Drive, is unable to show due to sickness or injury, or has other superintendent approved reasons, another 4-H or FFA member of that county may show the animal, with prior approval by the superintendent of the division. Infractions of this rule will result in forfeiture of award for this animal in this class.
21. Exhibitors must own the animals they show. Ownership is established for breeding animals at the time of pre-entry and for market animals at spring tagging. Market animals that are family nominated must declare exhibitors before the animal enters the scale at fair weigh-in. To be eligible for showmanship, the exhibitor must show the animal in a market or breeding class.
22. In order to be eligible to show, animals must be individually owned or leased by the 4-H or FFA member. However, breeding animals may be co-owned or co-registered by one or more 4-H/FFA members of the same family but only one owner/member may enter and exhibit that animal in the fair.
23. Animals involved in a leasing program need to have lease papers on file by designated times.
24. Superintendent will have discretion to break classes. There will be a minimum number of 2 animals per class to be judged by breed. All breeds not designated in the classes and/or breed listing will be shown as AOB.
25. Rate of Gain awards will be available in all market species, if animal was weighed at an official River Valley District weighing date and use the scale provided on that date. Swine is now qualified to participate in rate of gain contest. 4-H or FFA members in the swine project are not required to weigh-in the animal unless they want to participate in the rate of gain contest.
26. Any animal entered in the fair may be used for livestock judging contest.
27. No animal may be shown in more than one class. The exception is an animal shown in a class that evaluates the animal may also be used for showmanship and fur classes for Rabbits. This includes open class entries.
28. Feeding and watering is allowed in designated areas only. Specie superintendents will instruct youth on these locations.
29. Any animal deemed dangerous by superintendent, agent, or fair board, will be expelled from the fairgrounds by the division superintendent.
30. Tranquilizers are NOT allowed.
31. Exhibitors, their parents, leaders, and other adults have a serious responsibility to use animal *health aids (drugs), growth promotants, and any other approved materials with great care, only when needed, and in correct amounts*. Approved withdrawal times must be followed to assure that consumers receive wholesome food. Withdrawal times should be observed and followed.
32. **Youth for the Quality Care of Animals (YQCA):** Training will be **required** and **must** be completed by June 30th (State Fair/KJLS participants must be completed by June 15th) for any 4-H/FFA member that wishes to sell swine, sheep, goat, or beef at the county fair either through the premium auction or by private treaty. The training must be taken every year and will be offered as a one session class in each of the four River Valley Extension District counties or a web-based training. Training times and locations will be in the 4-H Newsletter, the River Valley Extension District web page, and on the River Valley Extension District 4-H Facebook page. Parents are strongly encouraged to attend with the 4-H/FFA members. Although this training is required only for selling animals at the fair, it is highly recommended for all livestock project members for its educational value in teaching the production of safe and wholesome products for the food chain.

33. All River Valley 4-H and FFA livestock must have a health inspection prior to exhibiting at the county fair according to the State of Kansas Animal Health Requirements (see above) and local Fairboard requirements. These inspections may consist of current health papers completed by a licensed veterinarian or inspection by a licensed veterinarian prior to unloading/weigh-in at the fair. Check your county pre-fair newsletters for the requirement for your specific county fair.

 - Test negative on a P-T test within 90 days of the exhibition.
35. In the event of conflict of General and Specific rules, the latter rule will govern. See grievance committee guidelines under the 4-H & FFA General Rules. Their decision is final.

A second offense may result in disqualification from the class and dismissal from the show ring.

4-H & FFA ROUND ROBIN SHOWMANSHIP CONTEST

Superintendent: Kaid Baumann, Lee Girrens, & Morgan Siebold
Judging: Saturday, July 27th, 8:30 a.m., Orrin Hogan Arena

1. Round Robin Showmanship Contest will be on Saturday, July 27, 8:30 a.m.
2. The contest will be divided into Intermediate (4-H age 10-13) and Senior (4-H Age 14-18) age divisions. Ages by January 1 of the current year.
3. Grand Champion and Reserve Champion Showmen, or their alternates, in Beef, Dairy, Horse, Sheep, Meat Goat and Swine are eligible.
4. Contestants must inform the fair office or Round Robin Superintendent of their intent to participate or not participate in Round Robin as soon as they know.
5. If a contestant wins in more than one division, he/she may choose which species to represent.
6. Alternates will be selected by the superintendent to fill vacancies. Vacancies will be filled according to the official judges' placings. If a vacancy still exists after consulting the judge's placings, that vacancy can be filled by any contestant that received a blue in that specie's showmanship on a first come basis.
7. Contestants will bring their own animal for the species they are representing in Round Robin unless (for safety or sick animal reasons) a replacement animal is approved by the superintendent.
8. If there is a shortage of animals due to a vacancy, the species superintendent will select an animal to fill that slot.
9. If possible, a contestant should only show their own animal in the species they chose to represent. This may not be possible if we have small numbers of a particular species or there have had to be animal substitutions due to a dangerous or sick animal.
10. The horse section pattern will be posted before the start of the Round Robin.
11. Any assistance received by a competitor after the start of the Round Robin as determined by the Round Robin judges, livestock superintendents, or Round Robin Superintendents, will result in the competitor receiving a "0" for that species.
12. Round Robin Scoring - Each competitor will receive a score of 1 to 50 on each species.
13. In a tie, the highest score of the exhibitor's own specie will determine the winner. In a second tie, the judge will draw a specie to be shown again only by the tied youth.
14. Round Robin will proceed as follows
 - a. Competition will begin with all contestants showing swine. The senior competitors will go first followed by the intermediate. The top two exhibitors from swine showmanship will show their own animal. The remaining contestants will be assigned an animal at random.
 - b. After swine, a rotation will be set up of all the other species. The rotation will start with exhibitors showing the species they are representing. In this rotation, contestants will generally be showing their own animal. The swine group will sit out the first rotation. Participants will then rotate through the remaining species as a "species group".
 - c. For the remaining rotations, the champion showman from each group will show the animal from the top exhibitor of that species matched by competitor age group. Similarly, the reserve champion showman from each group will show the animal of the reserve champion of that species. The judges can make the decision to have competitors switch animals at any time.
 - d. After participants have rotated through all species, scores will be totaled to determine winners. During this time judges will summarize what they have seen that day and offer advice.

Division 24 4-H ENTOMOLOGY

Judging: Friday, June 28th in Clay Center
Superintendent: Randall Hevelone

Exhibit Check In: Tuesday, July 23rd, 6:00-7:00 p.m., Clay County Event Center

1. Read 4-H & FFA General Rules.
2. Resources for exhibiting can be found on the Kansas 4-H Entomology project page.
3. **Collection Classes**
 - a. All entries should be submitted in an 18" x 24" x 3.5" wooden display box with a clear plastic top (such as plexiglass). Boxes can be handmade or purchased as long as they are of the correct size. Box instructions and plans can be located here at www.kansas4-h.org under Projects – Agriculture and Natural Resources – Entomology in the "Project Materials" section.
 - b. 4-H members may choose to use one of two taxonomies:
 - i. As printed in the book, *Insects in Kansas*, OR
 - ii. As printed on the Kansas State University 4-H Entomology publication, "Insects in Kansas Book: 2016 Revised Taxonomy", which comports with the taxonomic conventions of www.bugguide.net
 - c. Each exhibitor is required to identify each box with two identification labels, both including the exhibitor's name, county/district, class, and a statement of taxonomy used.
 - d. One label goes in the upper left corner of the box (inside) and the other on the lower right corner of the box (outside). Arrange specimens in the box in the box can be displayed lengthwise.
 - e. The number of orders and specimens (and families, where required) must be included on both of the exhibitor's box identification labels. Only one adult insect per species can be used in the Collection Class (Section A) and Notebook Class (Section B), unless labeled as male or female and correctly identified.
 - f. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by order in the box, then family where required.

- g. Two labels should be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. Collector's name (or host) on the date/locality label is optional.
- h. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to "Entomology Collection Exhibit Resource" for full details on out-of-state insects in collections.
- i. Only specimens of the class Insecta should be included.
- j. Purchased insects are not to be exhibited in the Collections Class (Section A), but they may be used in Educational Displays (Section C).
- k. Specimens of soft bodied insects such as aphids, lice, termites, etc., should be exhibited in alcohol-filled vials; however, the use of alcohol-filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.
- l. Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited to; incorrect display box size, missing paperwork, feet on display boxes, no special project in notebooks, etc.

4. Notebook Classes

- a. Individual entries are to be placed for display in a three-ring notebook for competition.
- b. 4-H members may choose to use one of two taxonomies:
 - i. As printed in the book, *Insects in Kansas*, OR
 - ii. As printed on the Kansas State University 4-H Entomology publication, "Insects in Kansas Book: 2016 Revised Taxonomy", which comports with the taxonomic conventions of www.bugguide.net.
- c. 4-H members who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the Introductory Phase.
- d. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitors name, county or district and class the 4-H member is enrolled in and statement of taxonomy used:
 - i. As printed in the book, *Insects in Kansas*, OR
 - ii. As printed on the Kansas State University 4-H Entomology publication, "Insects in Kansas Book: 2016 Revised Taxonomy", which follows www.bugguide.net.

The number of orders, specimens, and families (required in Intermediate and Advanced classes) must also be included on the Title Page.

- e. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate the identified insect should be used.
- f. Date, common name, full county name, and state abbreviation should be included for each species. The collector's name on the specimen page is optional.
- g. Specimen pages should have two different views of the insect, if possible. If pictures are taken on different dates/localities, include information for both.
- h. A statement describing the habitat where the specimen was found/host plant will be worth 10 bonus points (total, not per page). For Intermediate and Advanced notebooks, this is strongly encouraged.
- i. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page as well as on the front of the divider page.
- j. For the Intermediate and Advanced classes, insects are also to be grouped by family behind each order divider.
- k. If the exhibitor has been in the same class for more than one year, a separate sheet of paper must be added stating how many years the exhibitor has been in this project class and what the exhibitor did this year to improve their notebook. Place the paper immediately after the Title Page in the front of the notebook.
- l. A special project must be completed each year and included in the notebook. See project guideline materials for specifications.
- m. Refer to the publication, "[Entomology Collection Notebook Guidelines](#)", on the Kansas 4-H Entomology web page for more detailed rules for exhibiting.
- n. Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited to, incorrect display box size, missing paperwork, feet on display boxes, no special project in notebooks, etc.

5. Educational Display Classes

- c. If the exhibit is a wooden display box, it must be 18" x 24" x 3.5" with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must be no larger than 22" X 28". If the exhibit is a display, maximum size is not to exceed a standard commercial 3' X 4' tri-fold display board.
- d. Name and county/district must be clearly marked on educational exhibits.
- e. Any major violation of rules will result in the exhibit being dropped one ribbon placing. Examples would include, but are not limited to, incorrect display box size, missing paperwork, feet on display boxes, no special project in notebooks, etc.

6. Monarch Butterfly Educational Display

- a. Exhibits should teach the public about the Monarch Butterfly and/or ways to protect and conserve it. The information could show nectar sources for adult butterflies and food sources for caterpillars, Monarch tagging activities, collection of native milkweed and then packaging it to give to others to plant, a group working together to plant a Monarch friendly garden, etc.
- b. 4-H'er may create a poster, notebook, standard tri-fold diorama, slideshow, or other visual display that shows information on Monarch butterflies.
- c. If a slideshow is created, it should be presented on a zip drive along with a printed copy of the presentation.

Division 25 4-H GEOLOGY

Judging: Friday, June 28th in Clay Center

Superintendent: Randall Hevelone

Exhibit Check In: Tuesday, July 23rd, 6:00-7:00 p.m., Clay County Event Center

1. Read 4-H & FFA General Rules.
2. The exhibit box should be 18" x 24" x 3½". Plexiglass covers are required. Boxes with glass covers WILL NOT be accepted. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit exactly 18" across the top and 24" deep. If a box has a sliding plexiglass cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used. For Lapidary classes 2509 – 2514 only, the dimensions of the box should be appropriate for the display, but they should not exceed 18" x 24" x 3½".
3. Each exhibitor is required to identify each display box by placing an identification label bearing name, county/district, and number of specimens in the upper left-hand corner of the plexiglass cover (inside -- use clear double-sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right corner of the box (outside).
4. Exhibitors may enter in both geology and lapidary classes. Exhibitors may show in only one of the following geology classes: 2501, 2502, 2503, 2504 or 2505. Exhibitors may also show in geology class 2506 (special exhibit), 2507 Mineralogy, 2508 Fossils, and in one lapidary class.
5. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description, and locality (county only) where collected.
6. For geology classes 2501, 2502, 2503, 2504, and 2505, specimens should be mounted in the box by proper groups - rocks, minerals, and fossils. Fossils must be identified to phylum, class, and genus levels. Genus must begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words, “phylum, class, genus” on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock, mineral, or species of fossil may be exhibited if this duplication represents a different geological formation. Specimen label must show this distinction (e.g., Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).

7. For geology classes 2501-2505 and 2507, all specimens must be collected by the participant (not purchased) from locations in Kansas, except for Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
8. Lapidary:
 - a. The lapidary classes will be judged on the following criteria:
 - Workmanship and Content - 60 points
 - Presentation and Showmanship - 30 points
 - Accuracy of Information - 10 points
 - b. All lapidary specimens should be labeled with the following information:
 - Specimen name; Place of origin (country, state, or county; county required for Kansas specimens); Purchased or self-collected; Date lapidary treatment began; Date lapidary treatment completed (treatment completed after the State Fair is considered a new year specimen).
 - c. Special lapidary exhibits should be entered in class 2514. Please note that each member is limited to one entry in this class.
